

FOREWORD

Although I make no claim to every minute detail written herein, nevertheless, this work is filled with precious holy memories of faith, taken from the inherent power of the written word, holding true predictions inscribed by the Hebrew prophets of the Older Testament.

This book interestingly interprets the Bible, which is the cornerstone of Western civilization. It touches the heart through the living personalities in the Gospels. The scholarly research enhances a deeper and more genuine understanding of human history. This adds a spiritually significant dimension to the era in which we reside.

The second advent of the Redeemer is wonderfully illuminated through a unique insight of first century Jewish customs found in the New Testament. This gives humanity hope as we head into an exciting future with the promised Messiah in His coming kingdom reign.

Charlton Heston

An Israeli teacher, with Hebrew on her blackboard, the language in which the prophetic Holy scriptures were penned thousands of years ago.
